## ACCEPT PROGRAM FOR CHAUTAUQUA

Board of Managers of Gettysburg Chautauqua Hear and Accept Program for this Summers' Other Arrangements.

At a meeting of the board of managers of the Gettysburg Chautauqua on Tuesday evening the program for this summer's week of entertainment and instruction was announced and approved. The Chautauqua will be held from August 1-7, at the same time as the Lutheran Summer Assembly, and the program promises the best attractions which have yet appeared here. Many novel features, including the Junior Chautauqua, will mark the week.

On the afternoon and evening of the first day Victor's Florentine Band will give concerts, with Miss Melicent Melrose as soprano. This band is one of the four organizations owned by Victor and last year covered the entire Keith circuit, giving excellent satisfaction everywhere. The band is composed entirely of Italians, the leader being the only one who can speak English.

The music on the afternoon and evening of the second day of Chautauqua will be given by the Tyrolean Alpine Singers and Yodlers, who appeared for forty weeks last year at the New York Hippodrome in the great pageant "Around the World". Dr. Frank Dixon will deliver his lecture on "An Outgrown Constitution". He is a brother of Thomas Dixon, author of "The Leopard's Spots".

Sunday is the third day of Chautauqua. The minister for the morning service has not been announced. In the afternoon there will be a sacred concert and likely a sermon by Dr. Dixon. In the evening Dr. Paul M. Pearson, director of the Chautauqua Association, will preach the sermon.

Monday afternoon and evening there will be concerts by the Brodbeck-Such Concert Company. Miss Brodbeck is soloist for the Philadelphia Orchestra and Mr. Such has played before the crowned heads of Europe. In the afternoon Dr. Pearson will give his lecture-recital on "The Joy of Living" and in the evening a remarkable feature, in addition to the concert prelude, will be a lecture by Reno B. Welbourne, who is given the credit of inventing the process by which photographs may be sent by wireless telegraphy and other remarkable discoveries. His subject will be "The Wonders of Science" and he will illustrate his points with many remarkable experiments performed in the presence of the audience.

Tuesday will be children's day and in the afternoon there will be music and magic by the Deatricks who appeared here last summer, and a half hour's exhibition by Rosani the "prince of jugglers", who will also appear in the evening. In the evening there will be music by a children's chorus and Dickens' impersonations by William Sterling Battis.

Wednesday afternoon there will be a concert by the Commonwealth Male Quartet which has appeared in Gettysburg several times and in the evening Judge Ben B. Lindsey, of the Juvenile Courts of Denver, will lecture on "The Misfortunes of Mickey".

Thursday, the final day, will see as the attractions the National Grand Opera Quartet who will produce parts of operas in costume; and a lecture by Dr. N. M. Waters, the noted Brooklyn preacher.

At the close of all the week-day evening sessions there will be a motion picture entertainment of a half hour or more and as the first period of each of the afternoon sessions there will be a series lecture by Rev. George H. Turner, of Oxford, who will also be platform manager for the week and who will have as the general subject of his series of lectures "The Place of Religion in Human Development".

The Junior Chautauqua will be conducted in the mornings by two specially trained teachers from Swarthmore College who will have a story hour for the children, will teach them how to play, nature study, folk dances and other things which properly come under such a course. They will have their periods in the mornings of Chautauqua week. No tickets are sold for this Junior Chautauqua but only those children may attend who purchase half-price tickets at \$1 each for the main attraction.

At Tuesday evening's meeting the reports showed things in fine condition for this summer's event. An extensive advertising campaign is to be conducted by the Chautauqua Association and it is believed the week will be far ahead of those of the past two years.

The only radical change in the conduct of the finances from former years is that each person will have to have their own ticket and it will not be possible to take a number to one entertainment on one season ticket.

## FIX DATES FOR ANNUAL EXHIBIT

Poultry, Corn and Apple Show will be Held at Biglerville during Close of this Year and Beginning of the Next.

A meeting of the board of managers of the Biglerville Agricultural Horticultural and Poultry Association was held on Tuesday and it was decided to hold the next exhibit of poultry, apples and corn on December 31, January 1, 2 and 3. The exhibition will be held in the new building which is being erected by U. S. Klinefelter for storage purposes and which will be admirably adapted for the use of the association.

The organization was created several months ago with a membership of 104, each of whom paid a fee of \$10, giving a nice working capital. A charter has since been granted by the county court.

The organization is governed by a board of management of seventeen directors of which the First Vice President, C. J. Tyson, is chairman of the fruit exhibit; Second Vice President Edwin A. Rice is chairman of the agricultural department; and D. C. Jacobs will be in charge of the poultry department. Each of these chairmen will have a committee appointed to assist them in the work of their several departments.

An effort will be made to secure the interest of farmers and poultry raisers generally so that preparation may be made to get exhibits ready. It is expected to have on exhibition the products raised by the boys who engage in the corn growing contest.

Valuable cash prizes will be given as the association will likely get state aid for all cash premiums paid out.

## MRS. PRISCILLA REED

Widow of W. W. Reed Dies at Home of Her Daughter.

Mrs. Priscilla A. E. Reed, widow of W. W. Reed, late of York, died at the home of her daughter, Mrs. A. W. Himes, in New Oxford, Tuesday morning, aged 89 years and 8 days.

Surviving are an only son, Samuel T. Reed, of New York City, and two daughters, Mrs. W. H. Dailey, of Philadelphia, and Mrs. Himes, of New Oxford, also a sister, Mrs. Elmira Ashby, of York. Two grandchildren survive—Miss Ruth Himes, of New Oxford, and Clifford R. Dailey, of Philadelphia.

Funeral Friday, April 11th, services at the house, Rev. L. Dow Ott, of the Methodist church, officiating. Interment in the New Oxford cemetery.

## BOY'S LEG BROKEN

Boy Has Leg Broken in Friendly Tussle with Playmate.

George Walliek, a five year old boy, whose mother died recently and who was taken by Mr. and Mrs. Abram Grove, residing on the Felty farm, near McSherrystown, met with a peculiar accident on Sunday while playing with some children, resulting in the breaking of his left leg, between the hip and knee. Mr. and Mrs. Grove and the child were visiting his sister's family, Mr. and Mrs. Abram Martin, near New Baltimore, and the accident happened when he was engaged in a tussle with another child, his leg being fractured in falling.

## FARMERS' DAY

Waynesboro May Make it a Two Day Event with Parade.

Farmers' Day preparations are already occupying the attention of Waynesboro business men. Among the suggestions made is that the event be made a two-day affair and that there be an industrial parade or two divisions of an automobile parade—one for business machines and one for pleasure autos—on the first day of the occasion.

## WEDDINGS IN THE COUNTY

Clerk in the Gettysburg Post Office Weds Former County School Teacher. Pretty Home Wedding. Other Marriages.

## HULL—WARTHEN

A very pretty wedding took place at the home of Mr. and Mrs. Frank Warthen near Gettysburg, on Tuesday, when their only daughter, Miss Carrie Belle Warthen, was married to Walter Preston Hull, son of Mr. and Mrs. Milton Hull, of near Fairfield.

At one o'clock the bridal procession entered the parlor, the Mendelssohn wedding march being beautifully rendered by Miss Clara Spangler. Heading the wedding party were Miss Esther Lantz, of Chambersburg, as bridesmaid and Harry Warthen, of Philadelphia, brother of the bride, the best man. They were followed by little Misses Kathryn Trundle and Marguerite Mill, of Frederick, as flower girls, strewn flowers in the path of the bride and groom who followed.

The ceremony was performed by Rev. Wilson Hartzel, pastor of both bride and groom, the ring service being used, after which a reception was held.

The bride wore a gown of ivory white messaline trimmed with lace and rose buds and carried a bouquet of brides roses. The bridesmaid wore a gown of white messaline trimmed in chiffon and pink rose buds and carried pink and white carnations. The little flower girls wore dainty pink dresses.

The guests were received by three pupils of the bride, Misses Genevieve Spangler, Margaret Royer and Mary Stultz. The parlor in which the ceremony took place was prettily decorated in pine and roses.

The bride and groom are well known in the county, both having been successful teachers for a number of years. The groom is now a clerk in the Gettysburg postoffice. Mr. and Mrs. Hull left on the afternoon train for Baltimore, Washington and Philadelphia. After their return they will reside in Gettysburg.

## GROVE—WEAVER

John H. Grove, of Littlestown, and Mrs. Lucinda A. Weaver, widow of the late George H. Weaver, of McSherrystown, were married Sunday evening, April 6th, at 7:30, in St. Mary's rectory, by Rev. L. Aug. Reudter. They were attended by Mr. and Mrs. Calvin Young, of McSherrystown. After the ceremony a reception was held at the bride's home, when congratulations were extended by relatives and friends. Mr. and Mrs. Grove will reside in their newly-furnished home, McSherrystown.

## GETS SIX MONTHS

Said he Lost Money Gambling in Gettysburg "Den".

Walter Myers, the man who embezzled about \$750 collected in Cumberland and Dauphin counties for an insurance firm and "blew it in" at a gambling joint in Gettysburg, says a Harrisburg paper, was finally disposed of Monday afternoon. Myers has been in jail since December. He was captured after he had made away with the money he had collected and confessed his guilt. Then the problem of jurisdiction interposed. Myers was placed in jail pending a decision on the rights of the Dauphin county court to sentence him. He was called Monday and Judge Kunkel sentenced him to six months in the jail, the sentence to be computed from December 19. This leaves Myers a little over two months to serve.

## TOOK HIS LIFE

Relatives Can Give No Reason For Act of William Reeve.

William Reeve, about 65 years old, a well known resident of Springfield township, York County, committed suicide in the barn upon his farm at about three o'clock, Tuesday morning by shooting himself in the breast with a shot gun. It is stated that an inquest failed to establish any cause for the deed.

Reeve had apparently been in good health and spirits. Only Monday he was in Glen Rock on business and shook hands with George W. Geiple, the undertaker, who Tuesday took his body in charge.

With Reeve lived his wife and three daughters. No person heard him get out of bed Tuesday morning, but his wife was aroused by the report of a gun, coming from the direction of the barn. A glance showed her that her husband was not in bed and she hurried out of the house in search of him. On the threshing floor of the barn she found him lying quite dead with his shot gun close by and a gaping hole in his breast. He had evidently held the muzzle of the gun against his body and pulled the trigger.

Surviving the suicide in addition to his wife and three daughters are two sons.

## NO LONGER TICKLES

Says Gettysburg Does not Enjoy Hearing Trolley Rumors.

Says the Waynesboro Herald: "It would seem, from the attitude of Gettysburg papers, that the mention of the word trolley touches a tender spot with that town. They do not longer intend to be kidded. The trolley joke which might have been a good one in its day has ceased to tickle. Gettysburg, however, has a right to look for the joker whenever 'paper' trolley lines, as they call them, are projected, as it seems that for some reason or another all lines have thus far fallen short of reaching the Adams county seat."

## CASE SETTLED

Disorderly Conduct Case on Littlestown Trolley Line is Settled.

The case of the Commonwealth vs. Curvin Keever, of Hanover, was amicably settled before Justice V. H. Lilly, in McSherrystown, on Monday. Keever was arrested some time ago on two charges—one for disorderly conduct on the Littlestown car, while in company with several other young fellows, all of whom were under the influence of liquor. The other charge was assault and battery, committed on conductor, Clinton Wintrobe.

## TARIFF MESSAGE READ BY WILSON

### The President Sets Aside an Old Custom.

### ATTRACTS GREAT ASSEMBLAGE

Confines Himself to Tariff, Urging Moderate Revision, But Makes No Specific Recommendations.

Washington, April 9.—Setting aside the custom of more than a century and going back to the precedent established by Washington and John Adams, President Wilson delivered in person his first message to congress, urging the immediate and thorough, though well considered, revision of the tariff downward.

The renewal of a custom abandoned by Jefferson and now surrounded by such wide difference of opinion as to its wisdom among members of congress itself, attracted to the hall of the house an assemblage necessarily less in number but certainly no less distinguished than the company which attended the president's inauguration.

Senate and house assembled in joint session to await the president. The galleries were filled by national figures, Mrs. Wilson and her three daughters and the women of the cabinet circle prominent among them. The diplomatic gallery probably contained a representative of every nation with an envoy in the foreign corps in Washington.

Distinguished public men, who have received the thanks of congress and were therefore entitled to be on the floor of the house, availed themselves of this right, conspicuous among them being Admiral Dewey, who never before had exercised his privilege. Dewey called on Speaker Clark and was cheered as he was escorted to his seat.

Speaker Clark had among his guests in the speaker's gallery Mrs. William F. McCombs, Mrs. Victor Murdock, wife of the new Progressive leader in the house; Mrs. A. M. Palmer and Mrs. Pitzer, sister of Mrs. Clark, and her daughter.

Secretaries Lane, McAdoo, Daniels and Garrison had seats in the executive gallery for themselves and families, but Secretary Bryan said he had another engagement for the same hour and could not go.

A moving picture machine was installed to preserve a record of the historic event for the government's archives. President Wilson slipped away from the White House quietly after the cabinet meeting, accompanied only by his secretary and one secret service man, and upon arriving at the capitol was escorted to the rostrum in the house, where Speaker Clark sat at one side and Vice President Marshall at the other.

The president was cheered as he mounted the rostrum. He began to speak immediately. There was the closest attention as the president, speaking in an ordinary tone, explained his coming in person to deliver his message.

As the president read on, every eye was riveted toward the speaker's stand with its new occupant. Here was the head of the nation come to assert that he was a person, "a human being," come to deal with his fellow men in control of the nation's destiny as a man of force, not a mere department of the government.

It was all so unusual that to many it seemed almost unreal, but the president, smiling as he spoke and talked to the great assemblage as man to man, soon developed a fellow feeling. Throughout the president's voice carried to every corner of the big hall. A murmur of conversation that swept the gallery when the president began was soon hushed. As he closed his introductory remarks, explaining his presence before them, senators and representatives joined in applause.

The vice president headed the procession of senators as it left the chamber. The visit of the president to congress had lasted ten minutes and became history.

It was an unusually short document, one of the shortest delivered to congress in many years, and the reading was followed with closest attention.

The message dealt solely with the tariff, excepting that the president recognized the importance of other subjects eventually to come before congress and said that at a later date he might communicate his views on the currency and other questions. At present he wants nothing to interfere with the tariff.

This the president considers a "clearly defined duty." He set forth his views in general outline, but refrained from making any specific recommendations, mentioning any special schedules or presenting any statistics.

Lightening of the burdens of the people, the abolition of privilege and safeguards against monopoly are the aims of the president, but with these objects in view he warns against any "headlong haste" which would cause "upset or confusion."

**Foolish Act Costs Her Five Fingers.**  
Mobile, Ala., April 9.—Miss Minnie Pears while visiting the home of an orange grower here, was asked to see how hard she could strike a sick of dynamite with an iron spike. She hit it so hard that every finger on her left hand was blown off.

## YUAN SHI KAI.

Provisional President of the Chinese Republic.

## CHINA'S PARLIAMENT IS FORMALLY OPENED

### Representative Body of Republic Meets For First Time.

Peking, China, April 9. — The first parliament of the world's youngest republic was inaugurated amid general rejoicings not only in the Chinese capital, but throughout the country.

The scene of the assemblage of the joint inaugural session of the members of the senate and the house of representatives was a remarkable one. Five hundred representatives out of a total of 595, and 177 senators out of 274, all of them earnest looking men of mature years and nearly all dressed in European fashion, with frock coats, silently awaited the appointed hour of opening.

Scenes of enthusiastic jubilation followed before an adjournment was taken until April 12. The proceedings were very brief and simple. They were watched with interest by a large number of foreigners who had packed the galleries.

Yuan Shi Kai's message to parliament, which was not read publicly, since his presidency is still provisional, consisted of hearty congratulations and the expression of the hope that the republic would last 10,000 years.

The American charge d'affaires has intimated to the Chinese government that recognition of the republic by the United States will be made when the parliamentary officers have been appointed and quorums declared. Brazil and Mexico will act at the same time as the United States.

## KILLED BY A CRIPPLE

**Man Who Interfered In Quarrel Stabbed In Abdomen.**  
Pottsville, Pa., April 9.—Joseph Holland, of Middle Creek, in the western part of Schuylkill county, died at the Pottsville hospital from a wound in the abdomen inflicted by a butcher knife in the hands of Joseph Bingo, of Middle Creek.

Bingo is forty-five years old and Holland was about forty-six. Bingo, who is a cripple, lived with Holland, and it is said that they conducted a speak-easy. A caller and Bingo got into a quarrel and Holland attempted to interfere. Bingo is in custody.

Although told that he was dying as the result of his wounds, Holland refused to tell the name of his assailant to District Attorney C. A. Whitehouse, who was sent for when it was seen there was no hope for recovery. Before he died, however, Holland gave the district attorney the names of witnesses to the deed.

It is said that Bingo pushed the knife in to the hilt and deliberated, turned it around.

**Auto Bandits Rob Bank.**  
Rome, Ga., April 9.—Automobile bandits blew up the Bank of Commerce at Summerville, Ga., robbing the safe of \$3000 in cash and securities. The robbers escaped in a waiting motor car after a battle with Deputy Sheriff Alexander and Stephen Garrett, a business man, in which Alexander and Garrett were badly wounded.

**Fatally Injured By Train.**  
Pottsville, Pa., April 9.—While hurrying to work, Lawton, Lowash, of Pottsville, was struck by a locomotive, carried under the wheels and both legs cut off. Lowash was an employee of the East-on Steel company, and an exciting race against death was made with the maimed man to the Pottsville hospital, but he died before an operation could be performed.

**Woman Is Elected Mayor In Kansas.**  
Coffeyville, Kan., April 9.—A woman mayor and a majority of women in the council of Tyro, a small town west of here, were assured by complete returns of Monday's election. Mrs. H. C. Debaugh was elected mayor. Mrs. E. P. Heering, Mrs. Myra Newton and Mrs. Maggie Park were elected to the council.

**Grilled Ham With Bananas.**  
Cut the required number of slices of raw ham and broil them on both sides over the fire on a gridiron or in a pan. Skin some bananas, cut each in half lengthwise, season with salt and paprika, dip in egg and roll in bread-crumbs and fry in bacon fat. Dish up the ham and place half a banana on each slice of ham. Garnish with sprigs of parsley and serve hot.

## PEOPLE ELECT SENATORS NOW

### Connecticut's Action Changes the Constitution.

### AMENDMENT IS RATIFIED

Thirty-six States, Three-fourths of All in the Union, Have Approved the Change.

Washington, April 9.—Election of United States senators by the direct vote of the people became a provision of the United States constitution, when the Connecticut legislature, following up quickly the action of the Pennsylvania and Tennessee legislatures last week, ratified the amendment providing for the change.

Thirty-six states, the requisite three-fourths of all in the Union, have approved the change. It remains only for the governors of the states which have acted favorably formally to notify Secretary Bryan and for him to issue a proclamation announcing the change.

The amendment to the constitution is the second within the last few months, the other being that authorizing the collection of an income tax by the federal government.

In ratifying the amendment the Connecticut senate voted unanimously, while the vote in the house was 150 to 77.

When told that Connecticut had ratified the amendment the president said:

"I am sincerely glad that the amendment has been ratified so promptly and a reform so long fought for at last accomplished."

The senate of the United States shall be composed of two senators from each state, elected by the people thereof, for six years; and each senator shall have one vote. The electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislature.

"When vacancies happen in the representation of any state in the senate, the executive authority of each state shall issue writs of election to fill such vacancies, provided that the legislature of any state may empower the executive thereof to make temporary appointments until the people fill the vacancies by election as the legislature may direct."

The amendment primarily transfers the power of electing senators from the state legislatures to the people at the polls. To effect this change it was necessary to alter the machinery for the filling of vacancies in the senate.

For more than sixty years proposals have been made to change the constitution in this manner. It was not until June 24, 1911, that the senate was induced to give its consent to the change. On that day it voted to submit to the states the proposed amendment.

## BULLETS FALL IN NACO, ARIZ.

**Ojeda's Rebels and Troops of State of Sonora, Mex., Again in Battle.**  
Naco, Ariz., April 9.—There was desperate fighting between Ojeda's rebels and the troops of the state of Sonora.

The scene of the battle was less than a mile below Naco, Sonora. Bullets fell on the American side of the line. Two American soldiers, on border patrol, were wounded, one in the shoulder and one in the hand.

Ojeda again used his artillery effectively and held the state troops at a distance in spite of their superior numbers.

The residents of Naco are congregated in buildings so far as possible from the scene of the fight in an effort to escape the bullets, which are falling near the international line.

## MICHIGAN DOWNS SUFFRAGE

**Incomplete Returns Show 41,589 Majority Against Votes For Women.**  
Detroit, Mich., April 9.—Incomplete returns from half the state show a majority of 41,589 votes cast against woman suffrage in Monday's election and the most enthusiastic supporters of the movement are admitting defeat.

The vote so far reported is from the cities. It is expected that the rural districts will cut down the majority from 10,000 to 20,000. All of the other constitutional amendments, including the initiative, referendum and recall carried by good majorities.

The Republicans are claiming the state ticket by pluralities of from 30,000 to 50,000.

**Governor Miller Signs Hazel Bill.**  
Dover, Del., April 9.—Governor Miller signed the Hazel bill prohibiting shipments or carriage of liquor into the local option counties. The legislature finally adjourned about the time the governor signed this, the most bitterly contested measure of the session.

**Husband Moved Every Two Weeks.**  
Atlantic City, N. J., April 9.—Declaring that no place of abode seemed to suit her husband, Mrs. Gertrude Towne has applied for a divorce. She said he had moved every two weeks for a year.

**Getting a Stand of Alfalfa.**  
According to the Wisconsin station, an excellent plan to supply the soil with the proper bacteria for alfalfa is to use a mixture of one-fourth alfalfa and three-fourths clover or grass seed to seed down a portion of the farm. The clover or mixed hay will be of a better grade with alfalfa grown in connection. The alfalfa plants that survive become bacteria producers and distributors for future crops of alfalfa.

The Belgian farmer grows chervil salad, pays freight on it across the ocean and sells it in this country at 9 cents a pound after paying a 25 per cent ad valorem duty. In view of this showing it would seem as if there ought to be good money for the American gardener in growing the same vegetable.

The benefits of the agricultural course in the writer's home town school are being multiplied greatly by the plan of giving the boys in grades below the high school a couple of lessons a week in corn grading and corn testing. As there are many tuition pupils from the nearby country districts, the plan has a definite and practical bearing. Both town and country boys are interested in the new work and take it up eagerly.

### Boils--Pimples--Abscesses

All Evidence of Impure Blood and a Run-Down Condition.

When the blood becomes thin, poor, devitalized nature cries out through such external and often painful evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the two most world famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic iron for the blood. Vinol strengthens the digestive organs, creates a hearty appetite purifies and enriches the blood, creates strength.

Mary Lang of Altoona, Pa., says: "Ever since childhood, I have been delicate, and my blood poor, thin, and devitalized. Nothing seemed to help me until I took Vinol and it has built me up and made me strong."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, run-down people. If it should fail in your case we will return your money. Peoples Drug Store, Gettysburg, Pa.

### EXPLORERS DIE IN ARCTIC TRIP

Commander Missing and Most of Party Dead.

Christiana, Norway, April 9.—Failure has overtaken the German Arctic expedition under Lieutenant Schroeder-Stanz.

Most of the members are believed to have died on the ice from exposure or scurvy, and the commander-in-chief is missing.

Four of the men succeeded in returning to Advent Bay, Spitzbergen, and two others are probably safe at Treurenburg bay. The aviator and the cook died from starvation.

Nothing has been heard from Lieutenant Schroeder-Stanz since he started on a sledge expedition alone in August of last year.

Captain Ritschel brought the first news of the fate of the expedition in January, when he returned to Advent Bay in a deplorable condition and was thought to be the only survivor. A dispatch from Spitzbergen has revived hopes that a few members of the party may be alive.

Among the party, besides the officers and crew, were several German scientists, including a geologist, a biologist and an oceanographer. Experience of polar work was almost entirely lacking and the equipment was said to be very poor.

### CAR JUMPS INTO RIVER

One Killed and 30 Injured When Trolley Falls From Bridge.

Baltimore, April 9.—August Hohman, sixteen years old, of Brooklyn, a suburb, was killed and thirty persons were injured when a car of the Light street line jumped from the tracks on the Light street long bridge over the Patapsco river and plunged into seven feet of water.

No one was fatally hurt, but twelve or fifteen of the victims suffered serious cuts and bruises. Of the fifty or more passengers aboard probably forty were women and girls.

The draw near the Baltimore end of the bridge had been passed and the car was regaining speed on its last 100 yards on the structure, when it slid diagonally across to the east rail and disappeared over the edge with its load of screaming and struggling humanity.

### Six-Year Term Up Again.

Washington, April 9.—Senator Works reintroduced his bill for an amendment to the constitution to limit the president's tenure of office to one six-year term. Senator Sutherland reintroduced the workmen's compensation bill, and Senator Jones introduced a bill for an inheritance tax.

### Sift Smokes.

Sift smoke is an amusing game played with a complete pack of cards divided into halves, one portion being dealt round to the players and the other remaining on the table, the last card dealt being a trump. The card rank as at whist. The tricks are of no value, but each player must follow the suit led or play a trump. For each trick gained the player takes a card from the table, and the last card held is the winner.

## POPE SUFFERS SEVERE RELAPSE

Condition of Pontiff Said to be Serious.

### MUST TAKE A LONG REST

He is Suffering From Influenza, Complicated by Catarrh and Fever—Responds to Treatment.

Rome, April 9.—Pope Pius X. suffered a relapse, and his condition is regarded as extremely serious, although the Osservatore Romano, the official organ of the Vatican, says that there is no ground for alarm.

Nevertheless, his physicians, Professor Marchisava and Dr. Amici, are in constant attendance on the pontiff, and many of the members of the Sacred College are greatly alarmed over his condition.

After diagnosing the case, the physicians issued an official statement, in which they stated that the pope had suffered a relapse of influenza, which was complicated by catarrh and fever. It is learned indirectly that the pontiff is also suffering from a uraemic crisis, with fainting fits which threaten utter collapse, but so far this has been combated successfully by subcutaneous injections of caffeine and theobromine and frequent doses of bitter water.

There is great anxiety over the condition of the pontiff owing to his weakness and his age, seventy-eight. A troublesome attack of catarrh is feared, and this is apt to develop a bronchial character. Besides that, his heart is weak and it is feared that he may not be able to resist the hard strain. The doctors, however, are all hopeful, as the pope overcame the first crisis, which was very alarming, and consequently they do not exclude the possibility of his recovery.

The Osservatore Romano, while admitting that great care and precaution are necessary and that it will take a long time to cure the pope's present illness, maintains that there is no ground for apprehension. On the other hand, several of the cardinals do not conceal their anxiety as to his condition, and the diplomats assigned to the Vatican have telegraphed their governments that Cardinal Merry del Val, the papal secretary of state, admits that the condition of the pontiff is serious.

Alarming reports are in circulation. The optimism of the Vatican as reflected by the statements in the official newspaper is regarded as being in accordance with its policy of hiding even the slightest particulars of any pope's sickness until he is actually dying.

Last March, when the doctors were alarmed at the pope's depression and weakness, his entourage denied that there was any cause for anxiety and tried to hasten the resumption of his audiences so as to discredit the reports.

Their attitude now is due to the orders of Pius X. that he does not wish to alarm the faithful until his recovery is hopeless, and for this reason he has given instructions that there shall be no public prayers for his recovery.

### STRIKE RIOTS IN BUFFALO

Street Cars Tied Up and Militia to Preserve Order.

Buffalo, N. Y., April 9.—Scores of injured in the hospitals, 400 cars wrecked and not a wheel turning in the city, was the situation in Buffalo at the close of the third day of the street car strike.

On an order from Justice Spring, of the supreme court, two regiments of the state militia will be called out to preserve order.

Two attempts were made on the life of Chief of Police Regan while he was on his way in an automobile to the district parts of the city where riots were going on, by some unknown person, who fired three shots at the chief, who narrowly missed him.

Francis Murphy, thirteen years old, was shot in the hip and dangerously wounded in a riot at the Walden avenue barns.

### Stabs Wife; Killed by Youth.

Jacksonville, Fla., April 9.—After he had stabbed and probably fatally injured his wife and threatened other occupants of the house in which they lived, Sylvester Duncanson was shot and killed by P. Hayes, a sixteen-year-old boy. Hayes is under arrest.

### Army Aviator Killed.

San Diego, Cal., April 9.—Lieutenant Rex Chandler, of the Coast Artillery Corps, U. S. A., was instantly killed and Lieutenant Louis H. Brereton, U. S. A., was badly hurt in the fall of a hydro-aeroplane in the bay. They fell from a height of 100 feet.

### Won Election by "Minding Baby."

### Baked Cheese Omelet.

Cut strips of cheese about a quarter of an inch thick, arrange them about the sides of a baking dish, spreading browned, sliced bread crumbs over the bottom and thinner slices of the cheese upon the crumbs. Add four eggs, beat carefully not to break the yolks; salt and pepper to taste, spread on a little grated cheese and finally another layer of bread crumbs. Place layers of butter over the top and bake in the oven until the eggs are quite firm, although not hard. Serve as hot as possible.

## SOCIETY GIRL DISAPPEARS

Miss Lucy Dodge Tires of Conventional Life in London.

London, April 9.—Miss Lucy B. Dodge, a granddaughter of John Bigelow, former United States minister to France, and daughter of Mrs. Lionel Guest, left her home in London with a maid on April 3, leaving word that she had become weary of "conventional existence" and desired to make her own way in the world.

Since her disappearance her mother and her stepfather have scoured London seeking for her address, and the affair has created widespread interest. Mrs. Guest believes that her daughter is still in London, as she has received several notes from her, none of which, however, disclosed her exact whereabouts.

At first search was made in the country districts, but later a note to her mother indicated that Miss Dodge was still in London proper.

Her parents have offered a reward for information concerning the cab which left the Guest home with the girl and her maid and baggage. The posting of this offer of a reward for the identification and destination of the cab was the first intimation that anything unusual had occurred in the Guest household.

## JUDGE BRUMM WON'T RESIGN

Says Political Enemies Testified Against Him.

Pottsville, Pa., April 9.—Judge C. N. Brumm laughingly denied published statements that he intends to resign from the bench "because his colleagues testified that he was unfitted by temperament for the judiciary."

A committee of the bar which is looking after the impeachment charges against Judge Brumm issued a statement that "the two judges whose testimony was mildly against Judge Brumm have always been regarded as his political enemies. The testimony of Judges R. H. Koch and MacHenry Wilhelm was distinctly favorable to Judge Brumm."

Because of the widespread belief in this county that the attempt to get Judge Brumm off the bench is the result of the enemies of the judge made when he took such a firm stand in the ballot box stuffing cases, public meetings have been arranged in his behalf at St. Clair and Mahanoy City and other towns. Twenty active politicians were imprisoned as the result of the ballot cases.

The Allied Patriotic Societies of the county, numbering 22,000 members, who upheld Judge Brumm's work in the ballot box stuffing cases and criticized the attitude of Judges Bechtel and Shay, have decided to send a committee to testify before the legislative committee when it reconvenes and tell the committee the sentiment of the people of the county.

## LIPTON AGAIN CHALLENGES

Withdraws All Stipulations About Size of Yachts.

London, April 9.—A sweeping challenge for an America's cup race was sent by Sir Thomas Lipton to the New York Yacht club.

Lipton's challenge is unrestricted and gives the American yachtmen the privilege of naming any terms and conditions for the race that they see fit.

It is said that Lipton's new challenge is so worded that he promises to bind himself to any conditions implied by the present holders of the cup. The challenge Lipton sent some months ago was rejected by the New Yorkers because Lipton wanted to use a seventy-five-foot boat.

### Charles E. Pugh Dies.

Norfolk, Va., April 9.—Charles Edmund Pugh, former first vice president of the Pennsylvania railroad, died in Old Point Comfort, Va. His death was due to apoplexy. For a long time Mr. Pugh was in bad health and he went to Old Point Comfort in the hope of recovering. He was seventy-two years old and retired from the Pennsylvania railroad two years ago.

### Miss Emerson Is Free.

London, April 9.—Miss Zelle Emerson, the Jackson, Mich., suffragette, who has been conducting a hunger strike in Holloway jail, was released by the authorities.

In front of Court House

A general line of household goods will be sold.

H. B. BENDER.

**Beware of Cousins!**  
Cousins are not as simple as they seem. The very fact of being a cousin, or having a cousin, is complicated. The laissez faire of consanguinity is both eluding and deluding. Cousins will be cousins, even if you did not choose them. They can borrow money from you, visit you without being asked, tell people they belong to your family, contest your will, even fall in love with you—and a cousin once removed is twice as apt to. Never completely trust a cousin. Never depend on him not doing any of these things. Never take him for granted. The "cousinly kiss" may or may not mean what it means. And cousins always do kiss. It's part of being cousins.  
(Not that cousins need necessarily prove perfidious. Once in a blue moon they invite you to Europe or leave you money, but that almost always takes an aunt or an uncle.)—Atlantic.

**Cod Liver Oil From Sharks.**  
Shark spearing is a profitable industry in Massachusetts though attended by

an element of danger and no little excitement. The chief value of the fish is its liver, which yields an oil that is refined in Europe and sold as cod liver oil. In October the ocean sharks come into the lagoon between the barrier reef and the atolls to pair. At this time they can be speared in large numbers by people skilled in catching them. There are several species of these sharks, and they ordinarily run from seven to fifteen feet in length. The liver of a shark of this size gives about five gallons of oil. The sharks are found in pairs, and the harpooners try to kill the male first, for they are then able to spear the female also, as it does not desert its mate.

**Tried to Do Better.**  
A tramp told a woman a hard luck story about losing his wife and family and home in an explosion.  
"But," the woman said, "that isn't the same story you told me last week."  
"I know, lady," said the tramp, "but you didn't believe last week's story."

**Care of Incubators.**  
Before putting away your hot water incubators be sure to empty the water, as it is certain to freeze during cold weather and burst open the seams in the tanks. This will necessitate great trouble in the spring just when you are needing the machines for active work. A little forethought now will save a drive to town and a big plumber's bill for repairs.

**Wasting Manure.**  
To throw manure out of the dump holes in the rear of the stock and let it accumulate at the sides of the barn, under the drip of the eaves, is about the worst way in the world to dispose of it. It is unsightly, dirty, destructive of the value of the manure and injurious to the sides of the barn by rotting and staining them.

**THE Wauchusett shirt for men—**shirts that fit and are cut on liberal lines, and of the newest fabrics. Price \$1.00. Pleats and negligee. G. W. Weaver & Son, advertisement.

### KIMPLE'S.

### Runk and Peckman's Realty Report

All of the 52 properties in Adams County, purchased from us since April 1, 1912, have been paid and settled in a manner satisfactory to both seller and buyer and we are now preparing to do the largest business in the history of our firm, during the coming season. Judging from the present indications we believe that during the next 12 months, there will be a very active real estate market, in Adams and adjoining counties.

Many of our sales were made last year to men who came to us, told us the kind of farm they wanted, the price they were willing to pay and the terms they could meet, and then left the finding of a suitable farm to us. They were thus enabled to find the exact farm they wanted without the expense of traveling over the county hunting for the same or the annoyance of having real estate agents and others running after them to sell farms that they did not want. This is a growing feature of our business and the result of our policy of protecting the interest of the buyer as well as the seller.

We have not built up the largest farm selling agency in this part of the state by making a few shrewd deals with uninformed buyers and then letting them "stink". Any buyer who applies to us for farms will receive the same impartial information in regards to any farm on our list, that we would desire were we putting our own money into the deal. This accounts for the fact that we do not have after-complications when we sell a property. When both the buyer and the seller know just exactly what they have sold or bought they are both satisfied with the deal.

**FARM OWNERS**—We are preparing our advance farm list for the coming season. We can sell your farm if you list it with us at a price that the income will prove or at what you would be willing to pay for it if you were buying instead of selling. If you don't know us or our methods, ask your friend. We have probably done business with him. If you want to sell or are thinking of selling, write or phone our office and we will come to see your farm. **REMEMBER** all farms listed at GETTYSBURG are also listed at CHAMBERSBURG and when you list with us you have double the chance of selling as with any local agent. Select the agent who does the most business if you want the BEST results. The earlier you list, the better will be our chance of selling for you this year.

## 600 Bushels of Seed Potatoes

### FOR SALE

**Sir Walter Raleigh Variety**

**The Kind of Potatoes That Brings the**

**Price When Selling**

These potatoes were grown in Franklin County near Mercersburg, by Dr. Irving, President of Mercersburg Academy and last season he had an average yield of over 200 bushels of salable potatoes per acre, with over 20 acres planted.

If the potato growers of Adams County will grow a round potato and have just one variety they will realize 10 cents more per bushel, than they are now getting. No buyer can pay the top price for potatoes when each farmer grows several different varieties of both long and round stock.

Our prices are such that you will be justified in planting a large acreage.
